WORK EXPERIENCE

NANÁ (Frankfurt am Main, Germany)
Frontend Developer (Freelance) (May 2024 – Present)

- Frontend development with React
- Responsive design ensuring optimal viewing across all devices
- Implementation and regular updates of interactive components to enhance user experience
- Continuous website performance optimization
- Ongoing collaboration with the client to meet evolving needs and implement new features
- Regular maintenance and updates to keep the site current and effective

SIDE PROJECTS

Eurasmus [Github Repo](#)

- Developed an expense management tool designed for students engaging in exchange programs.
- Utilized React for the frontend, Bootstrap for responsive design, Node.js and Express for backend development.
- Implemented MongoDB for database management and Chart.js for data visualization.

Portfolio Website [Github Repo](#)

- Developed and maintained a personal portfolio website, accessible at vitalefrancesco.com, to showcase my web development projects and skills.
- Built using HTML, CSS, and JavaScript, with a focus on responsive design and intuitive user interface.
- Optimized for performance and SEO, ensuring smooth navigation and improved online visibility.
- Leveraged as a personal marketing tool to attract professional opportunities and demonstrate my technical abilities.
