Technical Institute, Economic Sector (2022)

Full Stack Development Master Program

Institution: start2impact University (2023 - 2024)

About

I am a dedicated full-stack web developer proficient in HTML, CSS, JavaScript, Bootstrap, React, Node.js, and Express.js. I specialize in creating responsive, user-friendly websites and dynamic, robust web applications.

My journey in web development is marked by a continuous commitment to learning. I possess a natural curiosity that drives me to explore new technologies, methodologies, and industry trends, fostering continuous professional growth. Through the successful completion of diverse projects, I have demonstrated the ability to develop comprehensive solutions spanning both frontend and backend development.

I am proactive, energetic, and driven by a strong desire to take initiative. I excel in tackling challenges head-on and proposing innovative solutions. My dynamic approach to work and willingness to surpass expectations reflect my positive energy.

I am a dedicated problem solver and a collaborative team player, bringing adaptability and quick learning abilities to tackle new challenges. With my full-stack development skills, I am eager to embrace fresh opportunities and contribute to projects demanding expertise across the entire web development spectrum, ensuring excellence at every stage of the process.
