## WORK EXPERIENCE

**NANÁ** (Remote)  
Frontend Developer (Freelance) (May 2024 – Present)

Website Development for [nanáconvivial.de](https://nanáconvivial.de) – Restaurant in Frankfurt. This ongoing project involves:

- **Design & Development:** Designed, developed, and continue to maintain the website using React. Implemented a responsive design and interactive components to enhance user experience.
- **Performance Optimization:** Achieved a 168% user growth. Reached a peak of 400 active users in a single day. Maintained a consistent base of 50 daily active users. Increased organic traffic by 68% through continuous SEO optimization.
- **Collaboration & Updates:** Collaborate closely with the client to implement new features. Conduct regular maintenance and updates to maximize website effectiveness and conversion rates.

## SIDE PROJECTS

**Eurasmus** [Github Repo](#)

- Developed an expense management tool designed for students engaging in exchange programs.
- Utilized React for the frontend, Bootstrap for responsive design, Node.js and Express for backend development.
- Implemented MongoDB for database management and Chart.js for data visualization.

**Portfolio Website** [Github Repo](#)

- Developed and maintained a personal portfolio website, accessible at [vitalefrancesco.com](https://vitalefrancesco.com), to showcase my web development projects and skills.
- Built using HTML, CSS, and JavaScript, with a focus on responsive design and intuitive user interface.
- Optimized for performance and SEO, ensuring smooth navigation and improved online visibility.
- Leveraged as a personal marketing tool to attract professional opportunities and demonstrate my technical abilities.

## EDUCATION

**START2IMPACT UNIVERSITY** (Online)  
Full Stack Developer (September 2023 – April 2024)

**HARVARD ONLINE** (Online)  
CS50X (March 2024 – May 2024)

## EXTRA

**TechQuartier** (Frankfurt am Main, Germany)  
Community Member (March 2024 – July 2024)

- Active participation in Frankfurt's technology innovation hub, expanding professional network in an international context
- Developed meaningful relationships with startup founders and CTOs, gaining insights into emerging technology trends and industry challenges
- Participated in workshops, hackathons, and networking events, enhancing technical skills and soft skills in a multicultural environment
- Contributed to the exchange of ideas and promotion of technological innovation, strengthening understanding of the European tech market
